Guard Officers Hold War Conference

300 HOLD TWO DAY SESSION AT CAMP

About 300 officers of the U. S. Guards of Michigan, formerly known as Michigan National Guard, held a two day conference at the Officers Club house, Saturday and Sunday last. The conference was for the purpose of acquainting the officers with the guard with the duties they are to assume at the maneuvers to be held between Camp Custer and the region about Chicago, beginning August 6th.

Major General Guy M. Wilson, commanding officer of the 32nd division, was unable to be present because of serious illness. Col. LeRoy Pearson, chief of staff, was in charge of the conference.

The officers were quartered in tents and had their mess in the cement mess hall, where Peter Lovely did the catering. It required 50 tents to care for the officers. Capt. Allen of the 107th Ordnance Co., Pontiac, had charge of the registrations, tents and mess.

When the Michigan, Wisconsin and Illinois guardsmen encamp at Camp Custer August 6th, among the units present will be Capt. John Erkes, quartermaster of Camp Grayling, and his crew, consisting of Claire Smith, Ernest Larson, Ernest Lovely, Harold Hatfield, George Hilton and Rudy Harrison. These men will be in charge of the equipment and supplies taken from Camp Grayling warehouses.

This will be the only year the Michigan National Guard has failed to do their summer training at Camp Grayling since the camp was instituted in 1914, with exception when they were serving in France during the World war.

It is reported that many of the wives of the Guard officers will spend their vacations at Camp Grayling while their husbands are in Camp Custer.

HERBERT LEWIS WILLIAMS PASSED AWAY

Herbert Lewis Williams, born in St. Louis, Mo., March 24, 1913, to Dorothea E. and the late John R. Williams, was taken suddenly on Monday, July 13th, at the Boys' Hospital in Lapeer, Mich. He died the same day at 4:45 p. m., a victim of the extremely hot weather.

His mother of Grayling, and his brother Richard N. Williams, of St. Louis, Mo., together with relatives from Detroit, were in attendance at the funeral rites held at Bairds Funeral Home in Lapeer, and at White Hall Memorial Park, on Wednesday afternoon.

Herbert was beloved by his family and friends for his beautiful, joyous spirit and his keen sense of humor. The memory of his loving devotion and his uncompromising patience and fortitude in spite of physical handicap should inspire us all to more helpful, happier living.

MUST PUBLISH SCHOOL REPORTS

Lansing, Mich., July 22—Nearly one thousand graded, rural agricultural and township school districts in Michigan will be required to publish in a legally qualified newspaper, proceedings of their annual meetings and a financial statement of the year's business, on or before August 3.

Dr. Eugene B. Elliott, Superintendent of Public Instruction, calls attention to the fact that the financial statement must be more than a publication of totals—it must be a complete summary of the year's business. The purpose of this law is to give the people an exact dollar and cents picture of how their tax moneys are being spent, and also the financial condition of the districts at the time of the report. The Department of Public Instruction during the past year directed the distribution of thirty-five million dollars of State funds to the sixty-seven hundred school districts. This is an increase of thirteen million dollars over the year 1934. These published statements will show to what extent this distribution of State funds has relieved the school financial problem. It will also show to what extent State aid has reduced local taxes.

MOTORISTS WARNED OF "STICKER" DEADLINE

Use of automobile "stickers" or half-year permits will be illegal after midnight, July 31, and owners of motor vehicles in this state who expect to operate them after that time must equip them with 1936 license plates before then.

FUNERAL OF MRS. O'DONNELL HELD SATURDAY

The remains of Mrs. Elizabeth Emma O'Donnell, who passed away in Detroit were brought to Grayling Friday and funeral services held at St. Mary's church Saturday morning. Interment was in Elmwood cemetery the following acting as pallbearers, Dan Hoessli, David LaMotte, Ted Morris, David Montour, E. J. Calahan and John Matthieson. Those from out of town in attendance at the funeral included Mr. and Mrs. Glen Penard, Mr. and Mrs. Lawrence Kelly, Mrs. A. J. McInnis, Detroit; Mr. and Mrs. Claude VanPatten, Phil VanPatten, Flint; Mr. and Mrs. Leon Ewing, of Hale; Mr. and Mrs. John Harrison, L. A. Ewing, Mr. and Mrs. Clarence Ewing, Saginaw.

Elizabeth E. Johnson was born in Harrisburg, Pa., May 20, 1871. In 1887 she was united in marriage to Roy A. VanPatten and to the union one daughter and four sons were born, all of whom survive, Ange, now Mrs. Glen Penard, Ernest, Phil, Claude and George. The family resided in Lewiston for many years before coming to Grayling in 1910. Mr. Van Patten passed away during their residence here and the family moved to Flint in 1917 and in 1922 Mrs. VanPatten was married to Edward O'Donnell.

During her residence in Grayling Mrs. VanPatten was active in church and lodge circles in which circles she had hosts of friends.

Besides her children the deceased is survived by one grandson, Claude VanPatten, Jr., Flint, and one sister, Mrs. Leon H. Ewing, Hale, Mich. The family have the sympathy of their Grayling friends in their bereavement.

County's Share Highway Tax \$1,180.99

Vouchers totaling \$4,004,008 were turned over by Murray D. Van Wagoner, State Highway Commissioner, to Aud-Gen. John J. O'Hara today for payment to the 83 counties out of state highway revenues.

The vouchers cover the second quarter of the weight tax returns amounting to \$2,819,008 while the additional \$1,275,000 covers the first half payment on the gasoline tax returns. The counties receive the entire amount of the weight tax collected by the state.

With the returns announced today, the total vouchers to the counties to date out of state highway revenues amounts to \$17,463,307 embracing the first two quarters of the weight tax returns, the first half of the gasoline tax payment, and the first half, or \$2,000,000, on the McNitt township road law requirement.

The figures reveal an increase of \$1,800,000 returned to the counties from weight tax receipts for the first two quarters of this year compared with the same period in 1935. At that time the two payments amounted to \$12,184,471 compared with \$14,300,397 this year.

The McNitt returns to the counties likewise are half a million dollars more this year than in 1935 when a total of \$3,500,000 was paid out of state highway revenues. The law abolishing the township road system fixes the annual payment starting this year at \$4,000,000.

Crawford county's portion is \$10,180.99.

Among the Clerks

(By J. Wellington Bumsted)

Unless the heat wave strikes us again soon, it looks as though Dr. Cooley's unofficial hospital will be minus a couple of patients.

You can call it repeated suggestion if you like, but George Stanley has referred to Evelyn Sorenson as "one of the Jones girls" so often that we're beginning to wonder if she isn't!

I have been informed that Alex Kochanowski, of Nick's store, attended a "pink tea" Saturday, and reports an extremely hilarious evening.

The Grayling laundry now boasts of the services of four young and equally charming young ladies—Helen Embury, Rose Bielski, Yvonne SanCartier, and Bessie Askins.

As far as Billy Harrison is concerned, some of us are beginning to wonder what some of the local gals will have to say when they hear that there is a Mrs. Harrison, who resides at Iron River.

Old Diz, better known as the Red Oak Cowboy, narrowly escaped being nipped by a huge and very black bear, which has been tied to the Hanson Cafe woodpile ever since Dizzy first started to work there. To Rudy Harrison goes the credit for a timely rescue. Since that time Diz has been able to collect his firewood in peace. We wonder just which particular type of knock-out punch did Rudy exercise on Mr. Bruin?

Ona Lozon, of the Connine Grocery, now packs a Remington Automatic as a timely precaution against the designs of one of her fellow-workers. According to Ona, all that seems to be the matter with Bert is that he has rated a little too much publicity, and can't take the resultant wisecracks. In the meantime, Ona will stick to her brass knuckles.

Like Walter Winchell—Helen Embury is having a perfectly terrible time keeping track of her dates. She's thinking of hiring a social secretary, now that she is working.

Most butchers are apt to be able-bodied and capable of taking care of themselves. But once in a while, you will find one afflicted with a broken arm—or even a black eye. When asked about the deep, dark shadow which lingered in the region of his eye, George looked uncomfortable and evaded the issue. Now, it comes to light that George received his injury in a scrap with his little seven-year-old grandson, Carl, who is visiting him from Flint. Judging from the results, young Carl will probably be one of our future Jimmy Braddock's. George is resorting to the soothing care of the good old beefsteak.

Irene Swarthout is enjoying a week's vacation from her duties at Shoppenagons Inn and is probably "sleeping in". She is being relieved by none other than handsome Dollie Minier, who formerly worked at the Green Front restaurant. Hazel Schriber, formerly of the Hanson Cafe, is bearing the trays at the Green Front.

The Pure Food Store boys, Don and Alex, are very proud of the addition of another mascot to their already strong force along the feline line.

Golf Club Notes....

The Ladies Auxiliary of the Golf Club met Wednesday for their semi-monthly pot luck luncheon. Three tables were in play for bridge, Mrs. O. P. Schumann holding the high score.

Sunday a two-ball foursome for ladies and gentlemen will be held starting at 1:00 o'clock, followed by a pot luck dinner at 6:30 o'clock. Every member is urged to participate in the game.

No Water in Taverns
Most of the taverns in early Ohio prohibited the use of water in their second-floor rooms lest it would be split and damage the ceiling and furniture beneath. Instead the guests found a tub beside the pump in the yard for the morning ablution and shave.

Happy Land Shows Here August 4-9

Happy Land Shows Inc. will bring their carnival and street fair to Grayling, the week of Aug. 4 to 9th, under the auspices of Grayling American Legion Drum & Bugle Corps. Watch for this big attraction coming soon. The Corps will receive a percentage of the entire receipts.

WALTER L. MAIN CIRCUS

The Walter L. Main Circus which will exhibit in Grayling for one day only, August 1st, is said to be better this year than it has been in many previous seasons.

This is what the Cumberland Daily News of Cumberland, Md., said in regards to the circus performance the day after the circus had gone: "The big Walter L. Main Circus gave two exhibitions here yesterday and received excellent patronage both afternoon and night, the program being well worth it. There was not a dull moment in the lengthy, well-balanced program, there being features and novelties of the most pleasing variety."

There will be two performances of this circus at 2:00 and 8:00 P. M., rain or shine in Grayling on August 1st, at Connine's Tourist Park.

From the Presque Isle District

Republican Primaries Sept. 15

Your Support Will Help to Place A Republican in the Legislature From Your District.

I have decided to place my name before the voters of this, the Presque Isle district, for representative in the state legislature. In doing this, first, to make it clear to you just what my position is, and then leave it to you as to whether you should give me your support.

In the first place, I am a Republican. I have always been a Republican. I was born in this district and have always lived here. I have followed the needs, the desires and the opportunities of the north country all my life, and I believe I know what the representative of the district should stand for, and work for, for the best interests of the district. I have been the supervisor of a township for many terms, have held other offices within my county and for the past three years have been a member of the county poor board. During all of this time I have made a personal study of the needs of the people of the district and believe that I have their viewpoint in all matters pertaining to the district.

Therefore, if I am nominated and elected the representative of

the district I promise an honest interpretation of the duties of the position as representative of the WHOLE district, and not work for personal gain, or the gain of any particular section of the district against any other section.

I have a definite idea of what should be done for the betterment of our schools, and if I am elected the representative of our district I will promise to help get more state aid for our schools and also to help eliminate all property tax for this purpose. I believe the state can take care of the finances of all of our schools. And in this respect I also believe that a uniform course of study should be set up for all of the schools of the state, so that the children of one district can have the same advantage as the pupils of any other district.

I believe, that there should be an increase in the old age pension, so that the aged can have the needed comforts of life.

I also promise to assist in bringing about more welfare aid for hospitalization, which I believe should come first, not last in our welfare work.

What S. Cobb Thinks about

War Debt Hangovers

SANTA MONICA, CALIF. —In summarizing governmental finance for the fiscal year, Secretary Morgenthau doesn't even list the thirteen thousand millions of dollars owed to us by defaulting foreign nations.

But Americans at large won't forget. If you doubt this, wait till one of these debtor countries gets in a fresh jam and turns to Uncle Sam for succor—and, brother, you can spell that last word the other way and still be right.

We didn't know what we were getting into when we stuck around too long after the fighting ended in 1918. Makes me think of a colored labor battalion who went on the loose at Brest on Armistice day.

A hard-boiled top sergeant rounded them up:

"Get to work on dem freight piles," he commanded.

"But de mess all done over," declared a spokesman. "And us boys only enlisted fur de duration of de war."

"Lissen," barked the sergeant, "de war may be over, lak you specifies, but fur sich ez you de duration ain't hardly started."

Woes of French Hotels

IF OVER the woes of the French resort hotels, anybody catches me shedding a tear, it'll come out of an eyedropper and not from the heart. I'm thinking particularly of the romantic and soulful Riviera, which, under the surface, is just as romantic as an adding machine and soulful as a cash register.

There, where E. Phillips Oppenheim once delighted to "top" and the Yankee suckers rushed in, ready for their skinning—and never disappointed—is the original home of the left short-change and the mastodontic overcharge. There I've seen many a mistake made in the bill and never yet one in favor of the customer.

Influenza Complications

SINCE the last bedside bulletin, so many souls have inquired, that I am offering a supplemental report on the work of the wrecking crew.

First I cracked an ear drum. (Cries of "Whose?") Then this clinging California influenza moved slightly south by west within your correspondent's area. So now I've fallen into the hands of a throat specialist.

A fine fellow—but easily satisfied in the matter of entertainment. His idea of a sprightly conversation is to hold down my tongue with a spoon and have me say "ah." What I claim is, when you've heard one "ah," you've heard 'em all. But he fairly hangs on my words. There's a gleam in his eye I don't like. He's beginning to crave my tonsils.

Taking Political Side

TODAY some entirely fair-minded patriot who is snuggled up close to the throne or hopes soon to be, proclaims: "Landon is as synthetic as a rubber duck. Roosevelt is the only hope of an imperiled people. What price a constitution when we can have frankfurters?"

Tomorrow another gentleman, who likewise is as unbiased as a spite-fence, bursts forth with something like this:

"Re-elect Roosevelt and your country forever is wrecked. Landon alone can save our threatened institutions. A real statesman. He eats in the kitchen and hates to wear neckties."

Meanwhile, Mr. Roosevelt remains calm and seemingly confident. Governor Landon remains calm and seemingly hopeful.

The Two Opposing Camps

ON THE Republican side there temporarily is a lull. Incredible though it sounds, Col. Theodore Roosevelt, Jr., is not getting ready to run for anything. Later reports may change this.

Organizing the speaking bureau for the Democrats, Chairman Rayburn does not list among the chosen orators the name of his most distinguished fellow-Texan. In vaudeville it breeds a laugh when the second half of the sketch makes the wrong answers, but politics is something else again. Can it be that Uncle Jack Garner has become the Gracie Allen of his sex? Only they do let Gracie talk!

A writer who isn't taking sides wonders at length whether the homespun suspender-wearing qualities of Gov. Landon can overbalance the melodious and limpid lines of President Roosevelt. For this problem the appropriate musical accompaniment would seem to be, "Foot and Peasant."

DROUGHT CONDITIONS EFFECT SOIL PROGRAM

Due to drought conditions modification of the Soil Conservation program has been made to make it possible for farmers to provide themselves with increased forage crops without reducing their soil-conserving payments.

The first modification provides a good stand of a soil-conserving crop on land from which a grain, hay, or annual legume hay is harvested and is classified as soil-conserving. According to the old classification land seeded to alfalfa with oats would be classed as soil depleting if the oats were harvested for either hay or grain. According to the new ruling if there is a good stand of seeding the land will be classed as soil conserving if the oats are cut for hay.

The second change provides that failure of seedings due to conditions beyond the control of the farmer shall not disqualify the farmer for the soil building payments, at the regular rates. This modification applies only to land from which no hay or grain crop has been harvested.

Friday afternoon the Junior League boys will cross bats with West Branch on the home lot and will make an effort to avenge the defeat the latter handed them earlier this season. Edward and Kitty Robinson of Traverse City will be in Grayling Tuesday to continue their dancing classes. Also on Tuesday and Wednesday evenings they will hold rehearsals for the Kiwanis minstrels. Members of the cast are requested to be in attendance at the school house on those evenings. The date for the minstrel is set for August 7th.

Friday, the Legion Junior base ball team playing at Mio, met defeat. Mio was only able to round up three regular players and the remainder were taken from among resorters there, and Grayling finally played the game however, under protest. As all members of the league were supposed to be signed up by June 30th, it is likely the game will not hold good. Wm. LaChapelle on the mound for Grayling allowed but three hits. Score was 2 to 0.

Have you had a police ticket yet? The promiscuous parking of autos across crosswalks and before fire plugs, and reckless driving on public streets have moved the council to order police tickets to be passed out to offenders. Instructions say to report before justice.

at 3:00 p. m. on . . . 1936. A recent out-door motion picture exhibit in the court yard found autos parked several deep in front of a fire hydrant. People have become careless about observing ordinary traffic regulations. One car may stand parked half way across a crosswalk, and soon another comes along and appropriates the other half and soon one can't tell just where to cross the street. And we never could see the need of fast driving within the city limits, especially within the business section. Don't blame the officers if you get caught.

CAMPFIRE GROUP CAMPING

Twenty-seven girls of the Wetomachick Campfire group are camping at Mrs. Dorothea Williams' cottage on Lake Margrethe this week.

A full daily schedule is being followed. This includes three short swims besides the one and a half hour period of swimming instruction under the direction of Miss Elizabeth Harrington of Detroit. Miss Harrington is a competent swimmer and instructor who has spent several summers at Camp Westminister on Higgins Lake.

A singing period each evening and after meals is devoted to the learning and singing of typical camp songs. Miss Ruth White of West Branch, an experienced camper, is the song leader.

Nature study is in charge of Miss Gladys O'Beirne of St. Johns County Normal School. Miss O'Beirne is a specialist in nature study and has written courses of study in this field. Under her direction the Campfire Girls study two hours a day about trees, stars, birds, and insects. It is hoped that the girls will earn the requirements for several nature honors.

Miss Ruby Clay, teacher in Ypsilanti public schools, is director of the handicraft activities of the camp. They are having work in book making, and binding, spatter designs, starch finger painting, block printing, and crayon work on cloth.

Miss Lois McWhinney of Charlotte is assisting Mrs. Flory and the counselors in camp supervision. Three tasty meals a day are being prepared by Mrs. Howard Smith of Grayling. The girls think each meal is the best.

The splendid cooperative spirit of the girls is to be commended. The counselors have spoken highly of their attitude. Camp Wetomachick invites the parents and friends of the campers to visit them on Friday afternoon.

A month of drought was followed early Wednesday morning by rain and it's still raining.

Down Stream

By H. B. Smith, III

Last Sunday the river was unusually crowded by boats and canoes. The people in this country certainly appreciate having such a fine river in their vicinity and take full advantage of it. On the river Sunday we saw many of the Stephens, Paul Young, with a boatload of six girls (nieces), Ernie Borchers, and many other visitors and Grayling people. Although the fishing was rather poor, everyone seemed to be having a good time.

Due to the sudden change in weather, the fishing has slackened a bit. Wenie-hoppers, spent-wing Miginties, and spent-wing lady beaver-kills have been the most effective flies for day fishing, and the nights have become too cold for fishing. The best catch reported was one caught by floating from the Stephan bridge to the mouth of the North Branch. Float fishing seems more effective than wading although it is more trouble.

Last week end Walt Shaw and Roger Kneff have been busy building fish hides, but the main cause of building these protrusions in the stream is to stop the water from washing away the bank near the deep holes.

A very noisy hoot-owl has been bothering the people along the river near Wakeley bridge. Several night expeditions have been made to shoot the noise maker but the legend of the wise old owl held true and each time the hunters were outwitted.

We are very sorry to hear that Jimmy Feldhauser has been sick with spinal meningitis and we hope that his recovery will be soon. His father, Paul, has been quarantined at the Swimming Deer lodge on the North Branch. It is supposed that the disease was caught from some camper or tourist for such a disease is unusual in this part of the country.

This week's story was told to us by Mr. Robert Kales of Detroit. It seems that as Mr. Kales was wading along the stream one day he met a wader who was standing in the middle of the river with a bewildered look on his face. Upon observing the situation more closely, it was discovered that the fly and line of the wader was hooked in a tree about forty feet high. When asked how his fly got into a tree that high, the wader replied, "A little birdie took it there." It seems that as the man was fish-

ing a nighthawk, which was scooping flies above the water, took his fly on the back-cast and flew into a tree with it. When the bird discovered that the fly was not good eating he released it and left it in the tree.

Of course Art Wakeley has told us how he has had a twenty-minute battle with a big nighthawk but we haven't room enough for that this time.

Hand Salute Was Changed

In 1890 the British navy adopted the hand salute and, to be different from the army, decreed the use of the left instead of the right hand, a tactical error that was quickly discovered on British ships in colonial waters. The left-handed salute is a form of insult throughout Asia and Africa.—Collier's Weekly.

PAID WELL FOR RELIEF

For every \$9 poured into the Federal treasury by citizens of Michigan, only \$1 was returned to the state for relief, a fiscal report for the year ending June 30 discloses.

During the year a total of \$38,000,000 was spent for relief in Michigan. Of this sum Michigan state and local governments contributed \$16,500,000. The Federal government received from Michigan \$180,000,000 in internal revenue taxes and returned but \$20,000,000 for relief.

As far as Michigan is concerned, the report shows that if the Federal government, which continually praises itself for the lavish manner in which it has handled the relief problem, paid the entire relief costs of Michigan it would be returning only a fraction of the money it took out of this state, and that Michigan, under a Republican administration, is among the nation's leaders in bearing its share of the relief burden.

Many states, particularly those in the South, pay less than 8% of their relief costs. Michigan paid 45%, a record equalled by only five other states.

This picture gives a good idea of what happens when a cyclone hits. This was a fine barn, owned by Wayne and Mary Quinn, section 8, Camden township, Hillsdale county, and destroyed by wind June 6, 1936. The loss amounting to \$1,500.00, barn and personal, was promptly paid by this company.

EVERY YEAR A NUMBER OF PROPERTY OWNERS HAVE BEEN CAUGHT WITH NO WINDSTORM INSURANCE. THEIR PROPERTY HAS BEEN DESTROYED AND THEY HAVE SUFFERED HEAVY LOSS.
